

PTA Afterschool Programs at Spring Glen Spring 2019

In the next week your child will receive a flyer for every program open to his or her grade. This flyer will contain information about the program including instructions to sign up. More information, including the cost of each program, is on the reverse of this flyer. Turn in your registrations as soon as possible – many of these programs fill up quickly!

The PTA supports a limited number of need-based scholarships. Each program offers one half-price entry which is paid by the PTA (and free to parents). Please indicate directly to the program you are interested in if you would like to be considered for a scholarship.

Most programs end between 4:30 and 4:45 PM. The program will notify you which door dismissal takes place at; please arrive promptly at that location (not the front office). Contact the program leader for any specific questions. Direct any general questions about the PTA afterschool programs to the coordinator, dave.hiller@gmail.com.

Spring 2019 Afterschool Schedule

Monday	Tuesday	Wednesday	Thursday	Friday
Play More Chess (K-6)	Lego Quest (K-6)	Kidding Around Yoga (K-6)	Great Scientists Coding Club (3-6)	CodeSmash (3-6)

Kickboxing (K-6)	Small World Spanish (3-5)	Small World Spanish (K-2)		Mad Science (K-5)

Monday

Play More Chess (K-6) 7 weeks, \$103.50. The after-school chess club provides a fun opportunity to learn the game of chess and improve chess skills. More info at playmorechess.com

Creative Kids (K-2) 6 weeks, \$70. Creative Kids is an afterschool program in which kids get to be kids! We explore many art forms, read fiction and non-fiction books, and create original art.

Kickboxing (K-6) 8 weeks, \$80. Learn basic martial arts kicks, punches, and blocks while getting an amazing cardio workout. For more info contact lesredmond@hamden.org.

Irish Dance (K-6) 6 weeks, \$72. We aim to promote the traditional elements of Irish dancing and culture through exercise, education, teamwork, activity, and primarily fun! More info at brennanlucey.com

Tuesday

Lego Quest (K-6) 8 weeks, \$80. A non-competitive creative building challenge in which students investigate an idea, build something, and share it. For more info contact kseise@hamden.org.

Creative Kids (3-6) 6 weeks, \$70. Creative Kids is an afterschool program in which kids get to be kids! We explore many art forms, read fiction and non-fiction books, and create original art.

Small World Spanish (3-5) 8 weeks, \$160. A foreign language school in Cheshire specializing in early exposure for young children. More info at smallworldlanguages.com.

Soccer Club (K-2) 8 weeks, \$95. Skills training and fun skills games, followed by 5 on 5 game play. Contact ryanott24@gmail.com for more information.

Wednesday

Kidding Around Yoga (K-6) 8 weeks, \$88. Children gain balance, strength, and better focus all while stretching, dancing, and striking poses. More info at kiddingaroundyoga.com/sherri.

Clay Club (3-6) 8 weeks, \$90. We will explore the principles of clay through several creative activities and projects. For more info contact psullivan@hamden.org.

Marcy's Tennis (K-5) 8 weeks, \$140. Give your child a chance to learn the life-time sport of tennis in a fun-filled environment. More info at marcystennis.com.

Small World Spanish (K-2) 8 weeks, \$160. A foreign language school in Cheshire specializing in early exposure for young children. More info at smallworldlanguages.com.

Thursday

Great Scientists Coding Club (3-6) 7 weeks, \$129. More info at little-scientists.com.

Little Scientists Science Club (K-2) 7 weeks, \$129. Hands-on science learning to strengthen students' inner scientist and their power to discover, learn, and achieve. More info at little-scientists.com.

Friday

CodeSmash (3-6) 8 weeks, \$240. In this introductory coding and emotional intelligence program, students will begin their coding journey by programming in Scratch, a drag-and-drop platform developed by MIT. More info at codesmashlab.com.

Clay Time (K-2) 7 weeks, \$80. We will explore the principles of clay through several creative activities and projects. For more info contact psullivan@hamden.org.

Happy Hoopin' (K-4) 8 weeks, \$90. In this high-energy hula-hoop class, we combine physical fitness with hoop games that build stamina and focus and foster team-building, leadership, and cooperative play. More info at bringthehoopla.com.

Mad Science (K-5) 8 weeks, \$125. This action-packed STEM-focused program is bubbling over with classic experiments and crazy concoctions. More info at madscience.org.
